## PLATFORM COMPLETED AND WILSON TO BE NAMED TONIGHT

RULES COMMITTEE RECOM-  
MENDS NOMINATION BE  
AT 8 O'CLOCK

ST. LOUIS PEOPLE HOWL  
FOR FOUR DAYS' SHOW

VANCE MCMORMICK SELECT-  
ED BY WILSON FOR NA-  
TIONAL CHAIRMAN

(By Associated Press.)

St. Louis, June 15.—William Kast-  
ing, postmaster at Buffalo, New York,  
and a delegate to the convention,  
dropped dead this morning at the Jet-  
son hotel.

St. Louis, June 15.—The rules com-  
mittee voted unanimously to recom-  
mend to the convention that the nom-  
inations be made at eight o'clock to-  
night.

Washington, June 15.—Vance Mc-  
Cormick, of Pennsylvania, was selected  
today by President Wilson to suc-  
ceed McCombs as chairman of the  
Democratic National Committee.

St. Louis, June 15.—The convention  
adopted the rules committee report,  
changing program of procedure and  
calling for nominations tonight. The  
convention adjourned at 1:22 p. m.  
It will reassemble at 9 o'clock to-  
night to remain in continuous session  
until nominations are made. When  
Chairman James referred to Wilson's note to Carranza, replying to the de-  
success in keeping peace with Ger-  
many, there was a demonstration drawn.

It is understood the note to Car-  
ranza flatly declines to withdraw the  
American troops from Mexico until  
the de-facto government has shown  
both its willingness and its ability to  
police the border states properly.

OF CZERNOWITZ**

**GERMANS CONTINUE TER-  
RIFIC BOMBARDMENT OF  
VERDUN FORTS**

Second Session Opens.

St. Louis, June 15.—While the Dem-  
ocratic National Convention was in  
second session adopting permanent  
organization and hearing the speech  
of Senator Ollie James of Kentucky  
as permanent chairman, the platform  
makers were working with President  
Wilson's "own draft" and various un-  
settled planks, hoping to have com-  
pleted the draft of the platform ready  
for submission to the resolutions com-  
mittee later this afternoon.

The convention was called to order  
at 11:45 o'clock and Senator James  
began his speech at 12:05 except  
Mr. Bryan got the usual reception  
when he took his place in the press  
stands. The delegates and galleries  
joined in the applause.

A soloist in the band stand sang  
"Wake Up, America," the prepared  
ness song as Bryan was taking his  
seat.

The convention leaders let it be  
known that they favored making the  
nominations tonight whether or not  
the platform was completed.

St. Louis business men subscribed  
\$100,000 to get the convention and  
they want a four days' show. They  
protested vigorously against pulling  
off the nominations tonight.

**JAMES DEFENDS MEXICAN  
POLICY OF PRES. WILSON**

**PERMANENT CONVENTION CHAIR-  
MAN UNSTINTED IN PRAISES  
OF DEMOCRACY**

(By Associated Press.)

St. Louis, June 15.—The achieve-  
ments of the Wilson administration  
in enacting beneficial legislation and  
in keeping the country at peace with-  
out sacrifice of the national honor  
were pronounced epoch-making in  
American history by Senator Ollie M.  
James, of Kentucky, in his address to-  
day as permanent chairman of the  
Democratic National Convention.

"During three years of its national  
control," said Senator James, "Dem-  
ocracy has enacted into law more  
have increased only very little. The  
progressive remedial legislation than  
now amounts to about 175,000 as  
compared with approximately 114,000 an-  
nounced yesterday.

The statement says:

"On account of the fact that in  
many places the Austro-Hungarian  
and Austro-German troops withdrew  
rapidly before the blows of our south-  
ern army, the number of prisoners  
in the enemy left enormous quanti-  
ties of foodstuffs and supplies scattered  
over the country. Modern transportation  
methods, by use of power vessels and  
the use of large sums in oyster produc-  
tion have greatly improved conditions."

The statement says:

"Grocery and market clerks and all  
other food handlers should be ex-  
amined for traces of communicable  
disease, said Dr. Donald B. Armstrong,  
an official of the New York Associa-  
tion for Improving the Condition of  
the Poor, in a paper read before the  
American Medical Association here today.

Dr. Armstrong discussed the sanita-  
tion of public markets. He pointed  
out that while general sanitation in

### MEN WHO WORKED FOR UNION OF PARTIES

Here are eight members of the two  
conference committees named by the  
Republican and Progressive con-  
ventions at Chicago in their effort to  
get together on one candidate for the  
presidency. At the first session the  
Progressive members stood solidly  
for Theodore Roosevelt, who the Re-  
publicans opposed.

## PUTTING PROBE FIVE KNOWN TO IN WHAT YOU HAVE PERISHED EAT, FOR HEALTH IN BOAT WRECK

**FEDERAL PUBLIC HEALTH  
SERVICE LOOKING INTO  
DISEASES OF OYSTER**

(By Associated Press.)

Detroit, Mich., June 15.—An inves-  
igation which the United States  
Public Health Service is making of  
the coastal waters in which oysters  
are found along the shores of Virginia,  
Maryland, Delaware, New Jersey,  
New York, Connecticut, and Rhode  
Island will show the cause, the source  
and character of pollution of oysters.

The Public Health Service has equip-  
ped a steamer as a floating laboratory  
to carry on this work according to  
Surgeon H. S. Cumming of the United  
States Public Health Service in a  
paper read today before the American  
Medical Association. The main  
sources of danger according to Sur-  
geon Cumming are unsanitary condi-  
tions in shucking houses, the handling  
of oysters from unknown sources and  
dredging of oysters from beds known  
to be polluted.

"All of these dangers may be re-  
moved by intelligent co-operation of  
federal, state and local health authori-  
ties," he said. "Conditions have al-  
ready been markedly improved as  
compared with conditions of twenty  
years ago and the vast majority of  
oysters now marketed are safe. The  
development of modern methods of  
transportation and refrigeration has  
made it possible to ship raw shellfish  
to the most remote sections of the  
country. Modern transportation  
methods, by use of power vessels and  
the use of large sums in oyster produc-  
tion have greatly improved conditions."

The statement says:

"On account of the fact that in  
many places the Austro-Hungarian  
and Austro-German troops withdrew  
rapidly before the blows of our south-  
ern army, the number of prisoners  
in the enemy left enormous quanti-  
ties of foodstuffs and supplies scattered  
over the country. Modern transportation  
methods, by use of power vessels and  
the use of large sums in oyster produc-  
tion have greatly improved conditions."

The statement says:

"Grocery and market clerks and all  
other food handlers should be ex-  
amined for traces of communicable  
disease, said Dr. Donald B. Armstrong,  
an official of the New York Associa-  
tion for Improving the Condition of  
the Poor, in a paper read before the  
American Medical Association here today.
